University Certificate *End-to-End Business Processes with SAP S/4HANA Cloud (IEE2E)*

Benedict Frimpong

The goal of the course *End-to-End Business Processes with SAP S/4HANA Cloud (IEE2E)* is to provide professional and methodical qualifications for specialists who operate or plan to operate SAP S/4HANA in their daily work.

The workload for the course is 6 credit points according to the European Credit Transfer System (ECTS). The certificate is handed out after solving all case studies correctly.

The certification covers the theoretical contents of SAP's IEE2E course with additional case studies solved on an SAP system landscape.

The course deals with the following topics:

- Introduction to the standard software SAP S/4HANA Cloud
  - Overview of the software vendor SAP, the technical and functional framework of SAP S/4HANA Cloud and GBI – The Integrated Model Company for Research and Education of SAP UAP
  - Handling of SAP S/4HANA Cloud (SAP Fiori User Interface, Navigation, Help Function, Remote-Login)
- Theoretical foundation and practical processing of interactive case studies in an SAP S/4HANA Cloud System. The following areas are covered:
  - Logistics (SAP LO)
    - Procurement (MM-PUR)
    - Inventory Management (MM-IM)
    - Production Control (PP)
    - Sales and Distribution (SD)
    - Warehouse Management (LE-WM)
    - Service Management (SM)
    - Plant Maintenance (PM)
    - Project Management (PS)
  - Accounting
    - Financial Accounting (FI)
    - Controlling (CO)
  - Human Capital Management (HCM)
